

NEW COVENANT CHRISTIAN SCHOOL

Description

We are seeking a full-time elementary teacher. First and foremost, New Covenant seeks to partner with Christian families to disciple their children. We do so through our relationship-discipleship model. Academically, we follow the Trivium of classical Christian education, which emphasizes reading in the elementary stages. Our core principles are Worship, Family, and Identity, which summarizes love of God, love of others, and love of self. In this way, we are a unique school in that we place a student's spiritual and emotional progress above our lofty academic goals. Thus, while our school has established great success at academically equipping students, our teachers are primarily tasked with training world-changers who set their hope in God and are prepared to do whatever He directs. Thus, our teachers must be willing to meet the individual needs of our students; pray for them regularly; teach them to know and follow God's Word; help them grow a personal relationship with Christ; and model a passionate love of God and His Word.
